

Introducing the SE SERIES

TRUCK TRUNK™ and VBOX™

Finally, Rugged Pickup Storage Compartments That Are More Than Just A Toolbox!!

ALL UNITS FEATURE:

- ▶ Low Profile - High Quality
- ▶ Deadbolt Security
- ▶ Unmatched Accessibility and Capacity
- ▶ Our Exclusive High Strength Extruded Aluminum Framework
- ▶ Weather Resistant Design
- ▶ Riveted Aircraft-Style Construction Using Heavy Gauge Materials

The 21"x15" unit shown here demonstrates how the **Unique Sliding Cover Design** of the Truck Trunk provides the best of both worlds...A clean looking low profile combining excellent visibility with maximum use of your pickup bed.

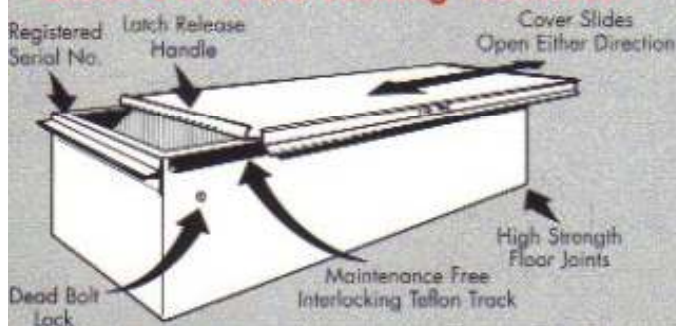

27"x17" Truck Trunk, shown above in diamond plate aluminum, offers **Over 17 Cubic Feet** of secure storage space. Ideal for RV'rs, Contractors, Outdoorsmen, or anyone in need of a large capacity weather-resistant storage compartment.

The **Unique V-Shaped Design** of the SE Series V-Box makes it ideal for all types of 5th wheel towing. With its raised outer sections, this innovative product offers approximately 8 cubic feet of secure, weather-resistant storage capacity.
